PROJECTS

Personal Portfolio Website (Ongoing) – Designed and developed a responsive website using HTML, CSS, JavaScript, and Bootstrap to showcase projects and skills.

MIDAS 2025 Annual Highlights Booklet (2025) - Produced a dual-format (print and digital) annual report for the Michigan Institute for Data & AI in Society, synthesizing the institute's key milestones, initiatives, and achievements into a compelling publication.

MIDAS 2025 Annual Summit Branding & Identity (2025) - Developed a cohesive visual identity system for the Michigan Institute for Data & AI in Society's Annual Summit, encompassing brand strategy, color palette, typography, and logo design, as well as end-to-end production of event marketing collateral and signage.

STAMPS Wayfinding System (2025) - Researched, designed, and presented a comprehensive wayfinding system for the Penny W. Stamps School of Art & Design, aimed at enhancing building legibility and improving the overall visitor and student navigation experience.

Asteroids Game (2025) – Programmed a fully interactive browser-based game using HTML, CSS, and JavaScript/jQuery.
